About Us

NEOM Bathware is a modernized enterprise integrated with R&D, manufacturing, sales and services, having a complete set of integrated sales team, applying brand strategy, setting up enterprise image, and being the advocator and Pioneer in the field of Ceramics. We are feeling very happy to introduce NEOM Bathware with wide range of Sanitaryware products and accessories. Keep improving and striving for excellence is the core strategy to our quality improvement. NEOM Bathware is devoting itself to exploring deeper on global sanitary ware, so as to provide high-quality products and sincere, sophisticated services to the whole customers, to build up the better life for all human.

The people of NEOM Bathware will put their best efforts in the direction of providing luxurious bathroom solutions to our respected customers. The dynamic team of marketing and the innovative technologists will design and style products for the demanding customers. In our quest to make life great, we will always make our processes efficient to make pricing affordable to most of the people of our country and around the world. Our processes and management systems will be improved continuously to ensure that our bathroom solutions will value for money for the customer and a great business proposition for our dealers and distributors. The future is challenging, but we are sure that we will beat the milestones set by us. We are setting a goal for future to meet our vision of being the most recognized brand in bathroom solution for a long time that make homes better and lives happier. We inspire people to live their Dreams and drives Growth. Together we can beat the Best and Lets Make it Happen.

Customer Is Our Priority

Quality is never an accident but a continues process. Quality is always the result of careful craftsmanship, planning, intelligent efforts and a process-driven action to obtain the desired parameters of the product. Customers being our prime focus thus selection of our product portfolio is carefully done to meet the expectation of the most valued customer. Each and every product is made to suit the needs and comforts of the end user.

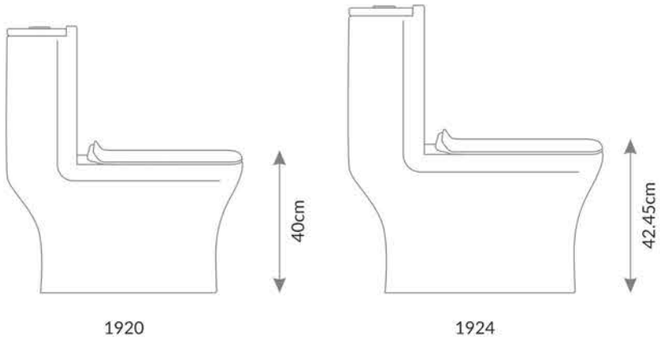

Innovative Technology

Experience the latest in sanitary ware innovation with our technologically advanced fixtures. From water-saving solutions to smart features, our products redefine convenience in your daily routines.

Tailored Comfort

Prioritizing your comfort, our sanitary ware offerings are designed for ergonomic use, making every interaction with your bathroom a pleasant experience.

Rimless Design

The removal of the RIM (traditional toilets' edge ring where water jets come out) gives a visual continuity among the surfaces and allows am easier and deeper cleaning, significantly reducing the quantity of detergents. So, Rimless Design is also the most attentive solution to environment safeguard.

SCRATCH RESISTANT · STAIN RESISTANT · HEAT RESISTANT · ECO FRIENDLY · BRIGHT GLISTER TOUCH · ABRASION RESISTANT · CHEMICAL RESISTANT · EASY CLEANING · ANTI BACTERIAL · WATER REPELLENT

Flush Technology

TORNADO

Tornado flush system features two powerful nozzle that will create a cyclonic rinsing action. It will reduce waste buildup & keeps the bowl neat and clean. This high-effeciency mechanism is more effective in one flush that most toilets are with multiple flushes.

SIPHONIC

The siphonic flush system is also known as the suction flushing system. The siphonic flush system creates the narrow 'Q' shaped trap way. You'll have a clear bowl with a lower chance of skid marks. With the use of advanced technology in flushing.

SIPHONIC WITH TORNADO

The combination of siphonic & tornado will bring the highest quality of hygiene into your bathrooms. With the help of this advanced & one of the easiest to maintain flushing systems, it'll be easier to keep up with cleanliness in just a second. We introduce you to brand new features 4D & 5D flushing system.

WASHDOWN

The way wash down flushing works is very simple. It will use the weight and gravitational flow of water from a toilet bowl. It will save your water effectively as it includes dual flushing.

Product Characteristics

All seats and covers are subjected to a weight test.

All seats and covers are subjected to an open/close test.

All WC pans are subjected to an odor leakage test.

Saves water with only 1 Ltr. of water consumption.

Soft Close Seats & Covers
Soft Closing and silent
Special technology

Requires very little space and provides easy bottom cleaning.

Anti Bacterial Glazed

Why You Should Buy a Wall Mount Toilet?

Common in European bathrooms, wall-mounted toilets started gaining popularity in the india as well and for good reason. There are numerous advantages to using them, both in terms of used space and practicality and design overall. But first let's discuss a few general details.

So what is a wall-hung toilet and what makes it special? Their main distinctive feature which differentiates them from floor-mount toilets is the fact that the water tank is concealed behind the wall. It still remains accessible through the flush plate opening but stays out of view or you can use flush valves as well which are directly connected to the main water line to the bathroom. The bowl is mounted to the wall and the plumbing is connected to the water tank inside the wall.

Exploring the World of Wash Basins

Choosing the Perfect Basin for your bathroom can be a difficult task, given the range of choice on the market today. Here's a little guide to bathroom basins to help you on your way. Watch the video for knowing different types of wash basins

Thin Rim

Basin bowl with only 5mm thickness

Elegant THIN EDGE basin with fine edges that is only 5 mm in thickness.
The attractive clay art is made by the innovative material.

How Do I Choose A Bathroom Wash Basin Sink?

The right bathroom basin sink for your home will largely depend on the layout of your current bathroom. There are a few key things you'll need to consider:

- The size of your bathroom.
- The location of other fixtures such as your toilet and shower.
- The location of your existing basin plumbing.
- How you want your sink to look.
- Budget

What Size Bathroom Wash Basin Do I Need?

There is no real standard or average size for a bathroom sink. The size you need will be dependent on how much space you have in your bathroom and how you want your basin to look.

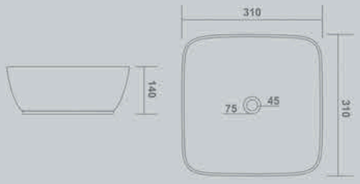

If you're fitting a basin in a bathroom, you'll want something small & compact. If you're fitting a sink in a large family bathroom, you'll have a much greater range of sizes to choose from. If you're looking to install a table top or counter top wash basin, pay close attention to the size of your vanity unit to ensure the basin will fit.

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

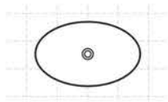

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

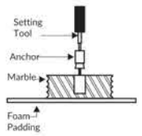

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

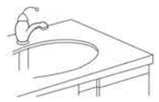

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

NOTE

NOTE
